PYRAMID COFFEE TABLE 51

DESIGN BY WIM RIETVELD, 2017

Created to be adaptable, light and strong, the Pyramid Tables are the last word in cutout sheet steel construction. Originally created by Wim Rietveld while working at Ahrend in the 1950s, the collection has been relaunched by HAY together with Ahrend. When initially launched in the '50s, it was regarded as a triumph in its innovative use of sheet steel, giving new direction for use in organically shaped products. Today, both as individual pieces and as a collection, it is notable for its sparing use of materials, simplistic construction and for being light enough to move around. These lasting designs manifest functional excellence and aesthetical lightness that have been proved in real environments over several generations.

Its uncluttered design and hardwearing quality make it suitable for being used in a wide variety of restaurants and cafés. Available in a variety of wood finishes and base colours.

HIGHLIGHTS

- Multi-functional family of tables and benches in different shapes, sizes, materials and colours.
- The table features a round oak tabletop with steel-sheet legs that slant outwards from a central point underneath the table.
- The table is available as a rectangular table (Pyramid Table 01 and 02), a round table (Pyramid Café Table 21 and Pyramid Coffee table 51) and a square table (Pyramid Café table 21).
- The bench is available in 2 variants (Pyramid Bench 11 and 12).
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

DIMENSIONS

DIAMETER Ø45,5 CM
HEIGHT 54 CM

DIAMETER Ø60 CM
HEIGHT 44 CM

MATERIALS

TABLETOP

21 mm solid oak with straight edge.

FRAME

4 x legs section in 2 mm bent cutout sheet steel.

CONSTRUCTION

The legs need to be mounted onto the connection bracket under the tabletop using the screws and Allen key provided. Requires assembly. Please follow the instruction manual.

COUNTRY OF ORIGIN

Denmark

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
